

Product description	M16 IP67 male angled connector, Contacts: 6 DIN, shielded, moulded on cable, IP67, PUR black, 6 x 0.25 mm ²
Area	M16 IP67 series 425
Order number	79 6317 200 06

Scale drawing

Contact arrangement (Plug-in side)

Technical data

General values

Connector design	male angled connector
Connector locking system	screw
Termination	moulded on cable
Wire gauge (mm)	0.25 mm ²
Wire gauge (AWG)	AWG 24
Upper limit temperature	70 °C
Lower limit temperature	-25 °C
Customs tariff number	85444290

Cable data

Cable length	2 m
Sheath material	PUR
Single-lead insulation	PVC
Halogen free	No
Single-lead structure	14x0,15 mm mm
Cable diameter	5.3 mm
Cable color	black
Conductor resistance	75.5
Temperature range, moving cable, °C from -50°C	
Temperature range, moving cable, °C to +70°C	
Temperature range, fixed cable, °C from -20°C	
Temperature range, fixed cable, °C to +70°C	

Electrical values

Rated current (40 °C)	3 A
Rated voltage	250 V
Rated impulse voltage	1500 V
Pollution degree	1
Overvoltage category	I
Insulating material group	III
Insulation resistance	≥ 10 ¹⁰ Ω
EMC compliance	shielded
Degree of protection	IP67
Mechanical operation	> 500 Mating cycles

Material

Contact material	CuZn (brass)
Contact plating	Au (gold)
Contact body material	PBT (UL94 V-0)
Housing material	PUR
REACH SVHC	CAS 7439-92-1 (Lead)

Security notices

The connector must not be plugged or unplugged under load. Non-observance and improper use can result in personal injury.

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Plug connectors with enclosure protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the plug connectors must be protected separately against corrosion. For further information on the IP protection classes, please refer to the "Technical Information" download centre. The plug connector is not suitable for mains voltages. Please observe the pollution degree and the overvoltage category. For further information, please refer to the download center "Technical Information".

To lock the cable connector with the device connector, the threaded ring is tightened "hand-tight" (approx. 50 cNm).
