

Product description	M12-A male angled connector, Contacts: 8, 6.0 - 8.0 mm, unshielded, screw clamp, IP67, UL
Area	M12-A series 713
Order number	99 0487 52 08

Technical data

General features

Order number	99 0487 52 08
Connector design	male angled connector
Version	connector male angled
Connector locking system	screw
Termination	screw clamp
Degree of protection	IP67
Cross-sectional area	max. 0.50 mm ² / max. AWG 20
Cable outlet	6.0 - 8.0 mm
Twistability	90° (4 coding options)
Temperature range from/to	-40 °C / 85 °C
Mechanical operation	> 100 Mating cycles
Customs tariff number	85369010

Electrical parameters

Rated voltage	30 V
Rated impulse voltage	800 V
Rated current (40 °C)	2 A
Insulation resistance	> 10 ⁸ Ω
Pollution degree	3
Overvoltage category	II
Insulating material group	III
EMC compliance	unshielded

Material

Housing material	PA
Contact body material	PA
Contact material	CuZn (brass)
Contact plating	Au (gold)

Authorization/approvals

Approvals	UL
-----------	----

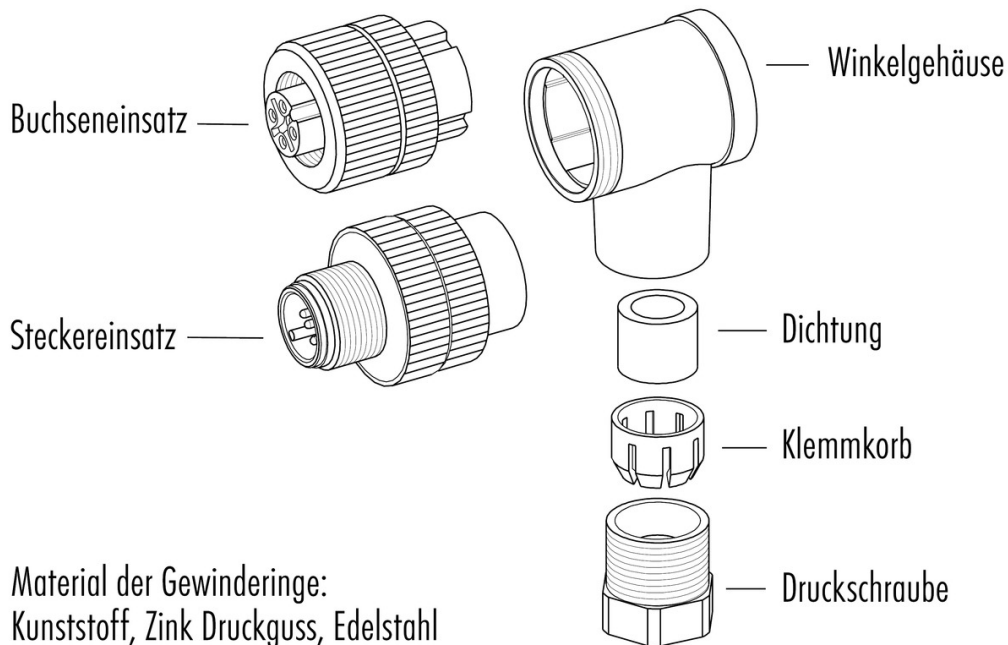

Classifications

eCl@ss 11.1	27-44-01-02

Security notices

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Plug connectors with enclosure protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the plug connectors must be protected separately against corrosion. For further information on the IP protection classes, please refer to the "Technical Information" download centre. To lock the cable connector with the device connector, the threaded ring is tightened "hand-tight" (approx. 50 cNm).
