### **Product data sheet**

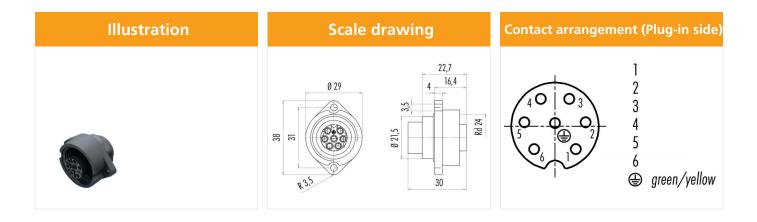

## **Power connectors**

Product description

RD24 female panel mount connector, Contacts: 6+PE, unshielded, crimp (Crimp contacts must be ordered separately), IP67

Area Order number RD24 series 692 09 0204 00 07

### You can find the assembly instructions on the next page.

## **Technical data**

#### **General values**

Connector design

Connector locking system Termination

Wire gauge (mm)

Upper limit temperature Lower limit temperature Customs tariff number female panel mount connector screw crimp (Crimp contacts must be ordered separately) see crimp contacts under accessories 100 °C -40 °C 85369010

### **Electrical values**

Rated current (40 °C) Rated voltage Rated impulse voltage Pollution degree Overvoltage category Insulating material group Insulation resistance EMC compliance Degree of protection Mechanical operation

#### **Material**

Contact material

Contact plating Contact body material Housing material 10 A 250 V 4000 V 3 III III  $\ge 10^{10} \Omega$ unshielded IP67 > 500 Mating cycles

depending on crimp contact (accessory) Ag (silver) PBT PA

## Security notices

The connector must not be plugged or unplugged under load. Non-observance and improper use can result in personal injury.

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Plug connectors with enclosure protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the plug connectors must be protected separately against corrosion. For further information on the IP protection classes, please refer to the "Technical Information" download centre.
